THE Elko Independent of Saturday We were yesterday shown a letter writ-

ten to O. R. Johnson, of the Cosmoplitan Hotel, dated January 29, in which it is stated that eleven hundred tons of rails for the Eastern Nevada Narrow Gauge Railroad has been purchased in the East and is on its way to this place, where it is expected to arrive in fifteen or twenty days. It also states, surveyors will be put in the field immediately and the work of grading commenced.

is calculated that a hundred thousand buffalo have been killed this senson, principally for their hides, in the region traversed by the Atchison, To-peka and Sante Fe Railroad. If Congress doesn't make an effort to stop this wholesale slaughter of the American bison, proprietors of museums will have to hurry up and secure specimens, or the world will speedily lose the opportunity of seeing even a representative,

Wg learn from Robert Reed, says the Unionville Silver State, just in from Central District, that another let of seventy-five tons of ore, from the Teamster mme, have just been worked in Mullen & Co.'s mill. At the time he left Cen-tral the result of the run had not been ascertained, as they had just commenced cleaning up the pans. The Teamster is the only gold vein worked in the country.

HILL BEACHY informs the Carson Appeal that the horse disease has only got as far west as Palisade, and that that was the farthest point in this direction at which Eastern grain is used for feed. The Appeal says if it should prove true that this epidemic prevails only where Eastern feed is used, something will be furnished towards a solution of the problem involved in this strange malady.

THE Bey of Tunis impales defaulting office-holders on spits ten feet high. Three tax collectors, who had stolen a third of the taxes collected by them, were dealt with in this manner. What a terrible sensation, says the New York Sun, there would be if the Tunisian method should be introduced in this country. A Government spit factory would have to be started at once.
